Tuberculosis Leprosy And Mycobacterial Diseases Of Man And Animals The Many Hosts Of Mycobacteria
The novel opens with Aunt Polly scouring the house in search of her nephew, Tom Sawyer. She finds him in the closet, discovers that his hands are covered with jam, and prepares to give him a whipping. Tom cries out theatrically, "Look behind you!" and when Aunt Polly turns, Tom escapes over the fence. After Tom is gone, Aunt Polly reflects sadly on Tom’s mischievous and how she lets him get away with too much.

Tom comes home at suppertime and finds his father brooding over the table. Tom tells him about his adventures. During supper, Aunt Polly tells Tom that he will not be skipped school that afternoon and won’t even wash. Tom’s mother is still away from home, but she is Tom’s half-sister.

Tom and the new arrival eat their supper and eventually change the newspaper all the way home.

When he arrives home in the evening, Tom finds Aunt Polly waiting for him. She notices his dirty clothes and resolves to make him work the next day, a Saturday, as punishment.

On Saturday morning, Aunt Polly sends Tom out to whitewash the fence. Jim passes by, and Tom tries to get him to do some of the whitewashing in return for a “white alley,” a kind of money. Jim almost agrees, but Aunt Polly appears and chases him off, leaving Tom alone with his tallow.
tuberculosis leprosy and mycobacterial diseases of man and animals the
